Inmate Death at FCI Coleman (Medium)

WASHINGTON, D.C.; On Tuesday, September 22, 2020, inmate Andrew Goldberg tested positive for COVID-19 at the Federal Correctional Institution (FCI) Coleman (Medium), in Sumterville, Florida, and was placed in medical isolation. On Monday, November 23, 2020, he was evaluated by institution medical staff for chest pain, cough, shortness of breath, and mid-sternum tightness. On the same day, he was transported to a local hospital for further treatment and evaluation. On Wednesday, December 2, 2020, Mr. Goldberg, who had long-term pre-existing medical conditions, which the CDC lists as risk factors for developing more severe COVID-19 disease, was pronounced deceased.

Mr. Goldberg was a 38-year-old male sentenced in the Middle District of Florida to a 365-month sentence for Attempted Enticement of a Minor and Distribution of Child Pornography. He had been in custody at FCI Coleman (Medium) since February 22, 2018.

FCI Coleman (Medium) is a medium security facility that currently houses 1,346 male offenders.

The Bureau of Prisons will continue to provide daily updates and information on actions related to COVID-19 at www.bop.gov/coronavirus/index.jsp.
